Equitas Gurukul

Being healthy is the way of life.

A 'Zero cost' health camp for our staff, students and parents was organized by Equitas Gurukul School, Karur in association with a few leading hospitals and Lions Club of Karur in the month of July and August. The main objectives of this camp was to detect any illness at an early stage itself and to create awareness in the society about healthcare.

A team of doctors and paramedical staff from Apollo Hospitals, Arasan Eye Hospital and a Dental Clinic conducted the screening followed by a few interactive discussions on health. As an extension of this, the school also organized a special awareness programme for the students across classes and the parents on 'Child abuse and its prevention'. This programme was supported by Child line of Karur.
