Equitas Gurukul

It's fun, learning at Equitas.

The very thought of a new academic year excites teachers & students alike, especially about the new class, new class teacher & the subject teachers. Along with this, it brings a set of new aspirations & resolutions, a desire or will, to do ones best in this year. What better way to start the year than with a week full of fun learning activities that will serve to kindle the spirit of learning in our students?

“FuNNlearning @ Equitas Gurukul--- A launch pad that shall set the pace for meaningful learning in a FuNN’ way.

Various activities were designed and conducted enabling the students to get insights on why learn a subject , a peek into what they could look forward to in this academic year in various scholastic & co-scholastic domains and more importantly to guide our students in taking ownership for their learning & development through goal setting for academics & physical development. For the teachers, this week had been time to know and understand their students and connect better through their interactions with them, both individually and in groups.

Job Fair

Equitas conducts jobfair for the unemployed youth to get employment opportunities, this helps the unemployed youth to pick & choose the job he/she likes. A regular path is created for the job seekers to continue their career, and uplift their social status.
