

JOY OF GIVING

THERE IS NO GREATER JOY THAN CARING FOR
SOMEONE IN NEED

MD'S APPEAL

Hi all: “ At Equitas, our mission on social goals are just as sacrosanct as our goals on business achievements. And this is something we have built into the organisation right from the time the organisation was born. Our Trust to carry out social activities was formed within 2 months of our commencing business in 2007. And since then, we have tried our best to see how to positively impact segments of society who were not privileged enough. While the bank is doing its bit towards the Joy of Giving, nothing like all of us, at our individual level also, joining this movement and trying to give back to society whatever little that we are capable of.”

In Raipur, Joy of giving activity was done by giving Stationery items ,Note, books,Rain coats, Emergency light and food provisions etc to Orphans
